Citizen Comments: None

Town Board Actions- Jeff Lohr

- **John Ganser was approved with a new site location to build.**
- **Ray Brickl was approved to build with new PRD location.**
- **Hwy Super: Muchow informed the board of the continued road construction on Hwy 12 Indicating that the length of supplies needed for the Hwy 12 project will indeed cause traffic issues.**

CITIZENS ON THE AGENDA:

Don Jegerlehner- NO SHOW

- Excess of 1000 feet for a drive-way (REFERRED BACK TO PLAN COMMISSION)

Ken Franzen

Rep. with Bugtussel/ and Cloud1 LLC

Ken presented his proposal for the 250 foot wireless tower for internet service to be installed on the corner of Weinke and Hwy B Jaequish property. 40 minutes into Ken's presentation he informed the

Plan commission that he was only there to inform us of what was going to be happening it was good business practice, and that he had all permits that were required. No vote was necessary to send him back to the board as he had already presented to them.

AFTER KEN'S PRESENTATION:

Brian wanted to discuss the Jegerlehner lots that have a "lot of record". I (Andrea) questioned why we would discuss the situation without Don present. Jeff commented that what Brian had brought was up different then what Don had stated originally. Discussed the pitch of the driveway, looked at maps. Brian realized that it was much steeper than originally thought to be. **Tabled 1st by Jeff 2nd by Brian.**

Citizen comments:

John Ganser was present at the meeting and questioned Brian on his interpretation of safety? Was this based on just his views, and opinion? Regarding the drive-way length. Brian explained what various fire departments would like to see.
